Shri S.D. Nimkar, Tempy, Clerk, has rendered the following service under the P.W.D. :-

(1) Tempy. estabt. from 10-11-19 to 31-10-30

Break from 1-11-30 to 1-4-44

(2) Tempy. estabt. from 2-4-44 to 19-11-50.

He superannuated on the 19-11-50. He requests that he may be granted either compassionate pension or gratuity, as a special case, under B.C.S.R.185. Shri Nimkar had a break in his service for over 13 years Prima Facia, therefore, there is no case to treat his service from the 10-11-19 to the 19-11-50 as continuous after condoning the break.

2. As far as office remembers, persons who were retrenched in 1930 were granted retrenchment concession which included leave and gratuity.

Before proceeding further with this case, the S.E., S.C. may be addressed as per draft put up.

Shri Krishnan was serving on temporary Estt. from 10.11.19 to 31.10.30 when he was retrenched. Then after a lapse of nearly 14 years he was again taken up on temp. estt on which he served from 9.6.1944 to 11.11.5. till he superannuated. Now the proposal is to grant to Shri K. some gratuity under BCSR 185 in consideration of his long service of over 17 years.

2. Major portion of Shri K.'s service was rendered before 1930. Then there was a break of 14 years in his service. When Shri K. had not been employed again in 1944, the question of giving him any pensionary benefit in respect of this service would never have arisen. The break also is too long to be considered for condonation. It is not, therefore, correct to join the two periods of service for purposes of pension.

3. The AR has stated that persons who were retrenched in 1930 were granted in consideration of their temporary service retrenchment concessions such as leave & gratuity. There is no positive proof to say that Shri K. had not got these concessions. If the concessions were admissible and if Shri K. did not get them, it is not known under what circumstances he was denied the benefit of those concessions. It is not also clear why Shri K. did not represent for the retrenchment concessions at least. Please see BCSR 207 (iv) from which it is clear that mere statement of the applicant that he has not received the concessions is not adequate. His statement must be supported by collateral evidence such as a testimony of a temporary Govt. servant etc. Even if, however, such an evidence is produced, it will

vide 'A' on p 1 ante

not as pointed out in para 2 above, be correct to give any pensionary benefit to Shri N. for his service rendered before 20 years. ~~before~~ 20 years.

ags: His service from 1944 to 1950 is only about six years and as such it is too short to be given any pensionary benefit. F.D. may, therefore, advise the PWD to reject the proposal

Sir,

As I have to retire from Government service from 19-11-50 A.N. having attained the age of superannuation vide orders issued by the Superintending Engineer, S.C. in his letter No.G-44 dated 30-10-50, I beg to submit brief history of my service under Government for Your Honour's sympathetic consideration.

2- After passing the School Final Examination in the year 1917 I entered Govt. Service as a clerk on Temporary Establish-ment in the office of the late Executive Engineer, Lake Whiting Division in the Deccan Irrigation Circle on 10th November 1919 at the age of 24. I served in that Division in the same capacity and without any break in service till 31-10-1930 when that Division was abolished and my services were terminated as a result of compulsory retrenchment along with a large No. of personnel under several categories. My pay in 1930 was Rs. 70/- P.M. Axe of retrenchment fell heavily on subordinate staff during the years 1930 and 1931 as sone Divisions and Sub Divisions were abolished during these two years in the Public Works Department. No benefits of service viz: Gratuity, Leave etc. were granted to the retrenched staff at this time. Further I beg to add that due regard was not also paid to seniority, length of service, merits etc. while retrenching the temporary establishment. For instance, three juniormost men pertaining to the Lake Whiting Division viz: Messrs. (1) Shaikh (2) Khan, since deceased and M.G. Bagade belonging to Backward Class & Intermediate Class communities were retained and confirmed subsequently in preference to senior men having rendered x service from 10 to 15 years. Many more instances of this type may be found among personnel retrenched at the time from other Divisions in the Deccan Irrigation Circle, viz: Pravara Canals Dn, Mutha Canals Dn. Nasik Irrigation Dn, Malsiras Dn. In those days as there was no possibility of redressing any injustices of this type even after appeal, I did not appeal to Government to get my personal injustic redressed. From 1-11-30 onwards, I tried my level best to get some appointment in the Department, but all my efforts proved of no avail. Whenever and wherever I tried I was told that I was overaged and therefore not eligible for Government service. Finding entrance again in Govt. Service impossible, I took resort to service under private concerns and Semi-Govt. Body and earned my living till March 1944. Im March 1944 Project Circle was opened. I applied to the Superin-tending Engineer of that Circle and immediately I got appointment as a clerk on Rs. 70/- P.M. in the then grade of 70-5-95. At this time my age was 48. Relaxation to age limit was subsequently granted at this time by Government and I have continued in service till date of my superannua-tion i.e. 19-11-1950 A.N.

3. From the above history, it will be seen that I have rendered in all a total service of 17 years, 7 months and 18 days in two parts i.e. (1) from 10-11-19 to 31-10-30 and (2) 2-4-44 to 19-11-50 with a break of 13 years, 5 months and 2 days in the intervening period. This large break was however due to exigencies in the departmental administration and the circumstances beyond my control for which I was in no way responsible.

4. I enclose herewith a true copy of certificate given to me at the time of retrenching my services in October 1930 and showing the nature and length of service rendered by me in the first part and a true copy of notice causing termination of my service in 1930. No service books

were maintained in those times for temporary servants and hence I have produced the true copy of certificate as proof of service for that period. As regards the latter period of my service, my service book bears testimony. I shall produce the originals of the above mentioned documents if necessary and when called for.

5. As I have rendered major part of my life in the service of Government, I humbly pray that Your Honour may kindly be moved to meet my case graciously and see your way to grant me either compassionate pension or gratuity as a special case under para 185 of the B.C. S.Rs. Manual Vol, I, in consideration of my long and faithfulx service in the Department and looking to my old age due to which I may not be able to take up service elsewhere. There is no other source of liveli--hood for me and hence this humble request.

6. For which act of kindness I shall ever remain grateful and pray God for your Honour's long life and prosperity.

2. Shri S.D. Nimkar, Senior Accounts Clerk on the temporary establishment has joined this Division very recently in October 1950. From the history of service given by him in para 2 above, it appears that the total service rendered by him in this Department is more than 17 years, which would have entitled him in the ordinary course for grant of some pension, had his service been continued. However there is a break too large to be condoned. But if the break was due to departmental exigencies as stated by him and if as Shri Nimkar has stated in his application, it is true that an injustice had been done in his case by retaining his juniors at the time of retrenching his services in 1940, the case seems to be of genuine hardship and is fit to deserve sympathetic consideration and special treatment by Government.
